LQ | LOKUM L-QUEST
GUIDE WIRE

balanced combination of extra strong support, high pushability
and variable tip lengths

- Especially designed for extra strong support high pushability and catheter / delivery system exchange.
- High performance PTFE coating providing low surface friction and enhanced trackability.
- Intended to use in complex diagnostic and interventional procedures.
- 3 tips flexibilities to ensure secure and safe positioning: 5 cm, 10 cm and 15 cm.

Technical Information

Lokum L-Quest Guide Wire

Guide Wire Material	Extra Tempered Stainless Steel
Coating	High performance PTFE
Diameter	0.035" (0.89 mm)
Distal Tip	Straight / 3 mm J-Tip / 6 mm J-Tip
Tip Configuration	5 cm / 10 cm / 15 cm Flexible Tip
Shaft Length	180 cm / 260 cm

Lokum L-Quest Mini Guide Wire

Guide Wire Material	Extra Tempered Stainless Steel
Coating	High Performance PTFE
Diameter	0.025" (0.635 mm)
Distal Tip	Straight / 3 mm J-Tip / 6 mm J-Tip
Tip Configuration	5 cm / 10 cm / 15 cm Flexible Tip
Shaft Length	180 cm / 260 cm
